Dear Sir/Madam

Thank you for your interest in The Snowdon Experience. However, in order to give you a quotation for your trip to North Wales we need to know certain information and your chosen option. We can then give you a price for that preferred itinerary. If it is satisfactory to you then, upon receipt of a cheque for that amount, we can send you the relevant tickets and documents.

Please complete the following form (everything needs to be completed) because Train Operating Companies offer fares for each individual journey and these change day by day as the date of travel draws closer. **The cheapest fares are for journeys booked earliest in advance (maximum three months).** Fares are not based solely on the distance travelled on each journey as it used to be in days gone by.

Please complete the following details. They are confidential and are only requested in order that your travel arrangements will be as closely as possible to your specific requirements and the fares will be the cheapest available:-

.....

- Your Date of Birth (not necessary if you already possess a Railcard)
- Your email address (if any)
